Timken OK Load, Lbs	D2509	60
Corrosion Prevention Test	D665	Pass
Base Oil Properties:		
Pour Point, °F	D97	0
Flash Point, °F	D92	450
Base Oil Viscosity	D445	
@100°F, SUS		4,100
@210°F, SUS		280

Lucas Red "N" Tacky Spray Grease is a high-quality silica grease in a convenient aerosol package. The application is ideal for putting grease in those hard-to-reach areas. Our customers tell us there are many times that they'd prefer to lubricate a part or piece of equipment with grease, rather than a penetrating or general-purpose oil, common in aerosol cans, but need the convenience of a spray. Lucas Red "N" Tacky Spray Grease is the answer. Excellent for cars, trucks, RVs, industrial or farm equipment and around the house. Use wherever grease is the preferred lubricant.

Features:

- **A Narrow, Confined Spray Pattern**
- **Fast Carrier Solvent Evaporation**
- **Good Cling to the Applied Surface**
- **Resists Separation**
- **Resists Water Washout**
- **Good Heat Resistance**
- **Broad Temperature Use Range, 0°-450°F**
